

# What could I do with ...

## Geography

This subject will develop your knowledge of Geography, your environmental awareness and your technical skills. It will also improve your:

- Ability to work independently
- Communication skills
- IT skills
- Number skills
- Organising skills
- Problem solving
- Research / Report writing skills
- Teamwork

These skills are important for jobs using Geography and lots of other careers too

For some environmental careers and courses you may need a science qualification eg Biology or Environmental Science. Some employers look for practical experience, you could get this by volunteering

The lists below are just some job ideas using Geography, can you think of others?

### Jobs which usually expect at least some GCSEs / Level 1 qualifications

- Coach / Lorry Driver
- Farm Worker
- Park Warden
- Water Treatment Plant Operator
